Dear subscriber,

The Directory of Agricultural Marketing Boards in Canada is published on an annual basis. A review has been conducted as to the feasibility of continuing to publish this complete Directory on an annual basis due to the minimal number of changes that occur each year.

We are therefore announcing, through this letter, that the 1988 Directory of Agriculture Marketing Boards in Canada will be the last in this annual series. We will however monitor on an annual basis, changes that have occurred, and issue an annual amendment to each subscriber. The complete Directory will be republished with the 1991 edition.

From time to time, additional information on marketing boards will be published and forwarded to each subscriber. For example, information is now being compiled, in cooperation with the governing organizations for provincial marketing boards, to establish profiles of individual boards including the powers authorized to each board through provincial and/or federal legislation. The results will be released in summary form later this year.

Your comments on these changes are most welcome.

Cher abonné,

Le Répertoire des offices de commercialisation au Canada est publié tous les ans. Etant donné le petit nombre de modifications qui y sont apportées chaque année, nous avons procédé à une étude sur l'intérêt de continuer à faire paraître un répertoire complet tous les ans.

Nous annonçons donc par la présente lettre que le Répertoire 1988 des offices de commercialisation au Canada sera le dernier à paraître dans cette série annuelle. Nous allons toutefois surveiller tous les ans les changements qui seront survenus et enverrons un feuillet modificatif annuel à chaque abonné. Une nouvelle édition intégrale du répertoire paraîtra en 1991.

De nouveaux renseignements sur les offices de commercialisation seront publiés de temps en temps et envoyés à chaque abonné. Par exemple, en collaboration avec les organismes directeurs des offices de commercialisation provinciaux, nous compilons actuellement des renseignements qui permettront de tracer le profil des différents offices et notamment des pouvoirs dont ils sont investis en vertu des lois provinciales et fédérales. Un résumé des résultats sera publié vers la fin de cette année.

Nous vous serions très reconnaissants de nous faire part d'éventuels commentaires sur ces modifications.

Le Coordonnateur des projets spéciaux,
Section des services aux productions animales
